

Honorable President,

I was planning to come with few dozen top executives from our company to your esteemed institution but we changed our mind after reviewing your decision in regards to Dr. Swamy, I oppose your decision of insulting him while sacking him undemocratically.

Please acknowledge my protest, as I called to ur office but not been able to talk to you.

Dear Colleagues,

Please refer to above and note this with sorry that we have decided to called off executives Harvard trip and will look forward for another institution of repute very soon.

Thanks,
Ashish Jain
